There are at present, many Inspection, District or Traveller's Bungalows which have no electrical installation though situated in towns having electric supply. Most of such bungalows, particularly those at District Headquarters, are almost continuously occupied by touring officers and by the public. It is therefore suggested that electrical installation (including fans) may be carried out in such bungalows. This would greatly increase their convenience particularly in the hot season. There should be no objection on financial grounds because the addition fee (8 annas per day or more) charged for occupying such bungalows would, it is believed, not only enable the interest and depreciation charges to be recovered but would actually prove a source of revenue in most cases.

2. If this proposal is approved, it is suggested that the local officers may be asked to submit a list of bungalows situated in towns having electric supply and not already fitted with electric installation with their recommendations.

Id/-
17-9-45.

Supply of electricity to I. & D. Bungalows wherever possible will add considerably to the convenience of touring officers. Information and views of the S.Es. may be called for as proposed in para. 2 above.

Id/-

Electric installation in the -

--

It is considered that supply of electricity to the Inspection, and District or Travellers' Bungalows, wherever possible, would add considerably to the convenience of the touring officers. You/ are accordingly requested to submit a list of bungalows situated in towns having electric supply but not already fitted with electric installation and favour Government with your recommendation on the above proposal. In cases recommended, the number of each type of equipment required should also be given e.g. fans, light points.

Cppy of para.1 of A(R)'s note, dated the 4th November 1945:-

"I understand that the question of installing electricity in the Travellers Bungalow at Bijapur is under consideration. If so, I would like to see the papers, as it does seem very necessary to have the supply. On the other hand, I have just seen papers in which there are complaints about the existing power supply by the Company."

Copy of the O.N., dated the 7th November 1945.

El.Br.C's.

"With reference to para 1 of A(R)'s note within, attention is invited to Govt. letter No.7134/36-El.(I), dated the 8th October 1945 wherein all S.Es. concerned have been requested to submit a list of Govt.bungalows situated intowns having elec. supply but not already fitted with elec.installation. The report of the S.E.,S.C. regarding electric installation at the Travellers' Bungalows at Bijapur is awaited along with the reports of other S.Es.The officers, concerned, will be expedited in the matter if nothing is heard from them within a week's time.

It is understood from informal enquiries in the office of the El.Engr. to Govt. that the Ex.Engr., Bijapur Division, has under the instructions from A(R), asked the Ex.Engr., Electrical Dn. in his letter dated the 6th November 1945, to prepare plans and estimate for elec.installation at the Travellers'Bungalow, Bijapur. Necessary action in the matter will be taken as soon as plans and estimate are received in this office.

3.....

3. As regards 'A' on p.1 ante, it is respectfully observed that papers regarding the unsatisfactory working of the Bijapur Elec.Supply Coy, are under submission to A(R) and H.E. (G.S.)."

No.D.M.18. Public Works Department,
Belgaum, 24th December 1945.

To

The Secretary to Government,
Public Works Department,
Bombay.

Subject :- Inspection, District or Travellers' Bungalows : Electric installation in the

Reference : Government Letter No.7134/36-EL(II), dated 8-10-1945. p.5

2. I strongly endorse the idea of providing electric installation to the Inspection, District and Travellers' Bungalows wherever it is feasible in this Circle, as it will add considerably to the convenience of the touring Officers and the travelling public. I also recommend that electrically driven pumps may be installed at these places for water supply.

3. In this Circle the following bungalows only have been provided with electricity.

1. Travellers' Bungalow at Dharwar.
2. Inspection Bungalow at Dharwar (Part of the Travellers' Bungalow recently converted into Inspection Bungalow.)
3. Travellers' Bungalow at Hubli.
4. Travellers' Bungalow at Belgaum.

From the figures showing the cost of electric installation, maintenance, income and expenditure in respect of the above bungalows for the last three years, vide the statements submitted under my Nos. D.M.18 dated 12-10-1945[x] and 21-11-1945,[⊗] it will be seen that each of the bungalows derives profit from the electric supply.

x File 7134/36 slipped 'A' pp.41-42

⊗ - do - p.47

4. In view of the above observations, I recommend the supply of electricity to the following bungalows which are not fitted with electric installation in this Circle as they are situated in towns having electric supply :-

| Name of Bungalow. | Light points. Nos. | Plug points for fans. Nos. |
|---|---|---|
| Belgaum Division. | | |
| 1) Travellers' Bungalow, at Kolhapur. | 20 | 4 |
| 2) P.W.D.Rest House, Kolhapur. | 25 | 5 |
| 3) District Bungalow at Nipani. | 16 | 2 |
| 4) District Bungalow at Athan | 20 | 3 |

P.T.O.

| Name of Bungalow. | Light points Nos. | Plug points for Nos. |
|---|---|---|
| Dharwar Division. | | |
| 5) District Bungalow, Hubli. | 15 | 4 |
| 6) - Do - -do- Gadag | 15 | 5 |
| 7) Rest House at Gadag. | 10 | 4 |
| 8) -Do- -do- Haveri. | 10 | 2 |
| 9) -Do- -do- Ranebennur. | 10 | 2 |
| Bijapur Division. | | |
| 10) Inspection Bungalow at Bagalkot. | 30 | 6 |
| 11) -Do- -do- Bijapur | 10 | 2 |
| 12) Travellers' Bungalow, Bijapur. | 24 | 6 |

5. The plans and estimates for electric installation at the Travellers' Bungalow at Bijapur called for in Government Letter No.7134/36-EL(I), dated 13-11-1945 are awaited from the Executive Engineer, Electrical Division, Bombay. He has been expedited in the matter and as soon as they are received they will be submitted to Government. | P. 11 B

6. None of the towns in the Ratnagiri or Kanara Division has electric supply at present and as such the question of fitting with electric installation ~~to~~ any of the bungalows in those Divisions does not arise.

Below U.C.R. No. 7134/36/15660 dated the 7th May 1946, from Government in the Public Works Department

No. D. 18/1472 of 1946.

Bombay, 13th July 1946.

Returned, with compliments.

2. A statement showing therein the cost of proposed electric installation in each of the Inspection, Distric of Traveller's Bungalow mentioned in the list at p-ages 31-33 of the U.C.R. is enclosed.

3. In respect of items at serial Nos. 1 to 4, 10, 12 21 and 25, as the necessary estimates for these works have already been prepared, the requirements of the ligh and plug points are not in accordance with those shown against these bungalows on pages 31-33 ante.

4. The bungalows at serial Nos. 28, 37 and 38 are outside the area of supply and the cost of the proposed electric installation only has been given in these cases.

5. The Supply Companies' service connection charges in respect of the bungalows at item numbers given below are still awaited and will be intimated to Government in due course:-

6 to 9, 15 to 17, 19, 20, 23, 40, 44, 45, 49 to 51, 56, and 58.

6. The cost of the proposed electric installation in respect of each bungalow has been arrived at on the basis of the number of light and plug points as shown against the bungalows on pages 31-33 ante. except those mentione in para. 3 above.

7. The cost of a table fan including plug socket point is Rs. 120/-, and that of a ceiling fan including the cost of point wiring and fan clamp is Rs.190/-

Electrical Engineer to Govt.

7134/36/27569.

P.W.D.

El.Br.(I).

Submitted with ref. to the O.N. on p. 35 ante. The El. Engr. to Govt. has since given, in the form of a statement, the rough cost of the proposed electric installations in the so far unelectrified Inspection, Dist. or Travellers' Bungalows. The statement will be found on pp. 37-38 ante. The total cost of the work in question cannot be definitely stated at this stage since in respect of some bungalows, the supply Co's. service connection charges are still awaited by the El. Engr. - vide para. 5 of his note within. The immediate point for consideration is whether the work should be undertaken. If so the El. Engr. to Govt. will be asked to prepare a separate estimate for each bungalow and each case will be considered separately on its individual merits.

In case the bungalows are electrified, Govt. will fetch the income as follows by way of electric charges, in accordance with G.R. No. 7134/36, dated the 4-6-46:-

| Class of Bungalow | Occupant. | El. rate per day. Rs. as. ps. |
|---|---|---|
| I. | Govt. servants on duty. | 0 - 8 - 0 |
| II | -do- | 0 - 6 - 0 |
| I | Others | 1 - 0 - 0 |
| II | Others. | 0 - 12 - 0 |

2. The S.E., C.C. has given the number of ceiling fans, table fans and table lamps reqd. - vide, statement on pp. 26-27 ante. As regards the cost in this con. pl. see para. 7 of the El. Engr's note within. The point for consideration, is whether only lights should be provided to these bungalows or also the fans and table lamps etc

B

3. Orders are solicited on 'A' and 'B' on p. 4 The F.D. may see the papers u.o. before submission to H.M.,

P.W.D.

MDS.
10-9-56.

Id/-
21-8-46.

Provision of electric lights in the Travellers Inspection and District bungalows and Rest Houses is a matter of necessity. The expenditure will be no loss to Govt. as fees from occupants would be realised.

2/- Provision for table lamps should be made in all the rooms which would be used as office rooms (or living rooms).

3/- Fans may be provided only in such places where the summer weather is trying. (e.g. Bijapur, Ahmednagar, Jalgaon etc.). Table fans would be preferable as these can be used in any room and one fan for each suite would be enough.

4/- The work may be undertaken during the next financial year and completed in 2 or 3 years.

5/- I suggest the following bungalows be taken up for electrification next year.

1. Travellers Bungalow at Kolhapur.
2. Rest House -do-
3. Inspection bungalow at Bijapur. (F).
4. Travellers Bungalow at Ahamadnager (F).
5. Insp. " " -do- (F).
6. Insp. " " Baramati
7. Insp. " " Matheran.
8. Dist. " " Bulsar.
9. -do- " Dohad.
10. Travellers " " Satara.
11. -do- Jalgaon. (F)
12. Dist. " Chalisgaon (F).
13. Travellers " Thana. (F).

( I suggest that the bungalows marked (F) be provided with fans).

Id/-
23-viii-46.

U.C. F.D. dt. 26-8-46.

Finance Department 'E'.

The proposal is to provide electric installation in Inspection, District and Travellers' Bungalows in which no electric installation has been carried out so far, though situated in towns having electric supply Most of such Bungalows, particularly those at District Headquarters, are almost continuously occupied by touring officers and by the public. Provision of electric lights in these Bungalows is therefore considered a matter of necessity.

2. The statement at pp. 31-33 ante gives the list of such bungalows in which it is proposed to proivde electric installation, with the No. of light points, No. of plug points for fans etc. The statement at pp. 37-38 gives cost of proposed electric installation in each of the bungalows. The total cost of the work in question canot be definitely stated at this stage, since in respect of some bungalows the Supply Co.'s service connection charges are still awaited. If, however, the proposal is accepted in principle by Govt., it is proposed to ask the Executive Engr. to prepare a separate estimate for each bungalow and to consider each case on its individual merits. From paras. 4 and 5 of the D.S., P.W.D.'s foregoing note it will be seen that it is contemplated to undertake the work during the next financial year and to complete it in 2 or 3 years. During the next year it is proposed to take-up electrification in the 13 Bungalows mentioned in para 5 of the D.S., P.W.D.'s note.

3. It is suggested by P.W.D. that table lamps should be provided in all the rooms which would be used as office rooms and that fans (preferably table fans) should be provided in such places where the summer wheather is trying (e.g. Bijapur, A'nagar, Jalgaon etc.). This however, it is presumed, will be considered in detail by P.W.D. at the time of scrutiny

~~xxxxxxx~~

scrutiny of estimates in individual cases.

4. We have to consider whether the proposal is objectionable from financial point of view. Please see G.R., P.W.D. No. 7134/36 dated 4/6/46 which sets out the rates of fees to be charged to the occupants of the bungalows for supply of electric engrgy. These uniform rates, which are to be in force for a period of three years, are not at present a source of loss to Govt. In most of the cases, they are in fact a source of revenue. These rates, it is believed by the P.W.D., will not only enable the interest and depreciation charges to be recovered but would actually prove a source of revenue in most cases. If, however, on review after 3 years, it is found that there has been a loss ~~to~~ Govt. on the whole due to the present rates, the question of increasing them can then be considered. The P.W.D. proposals may be accepted.

Id/-
27-8-46.

5. According to Sub- para. 73 of the Bombay Budget Manual increase in expdre. on a recognised service may, owing to its magnitude, be important enough to be regarded as a new item, e.g., substantial increase in the provision for supplies and services, grants-in-aid, etc. In the present case, the expdre. involved in providing electric installations in the various P.W.D. bungalows in considerable, and it is proposed to carry out these works in 2 or 3 years. The P.W.D. may therefore be requested to put up the proposal as a Section II New Item for the next year's budget.

P.W.D.

El.Br.(I).

Submitted with ref. to the Dy.Secy's note dated the 23-8-46.

2. The F.D. has suggested that the Dy.Secy's proposal in para. 5 of his note, refd. to above, may be provided as a section II New Item for the next year's budget. If the Dy. Secy's. proposal is agreed to, the new item statement will be prepared and sent to the F.D after the information proposed to be called for. from the El. Engr. in the following paras. is recd.

3. The cost reported by the El. Engr. to Govt. in respect of the bungalows which are proposed to be provided with fans by the D.S. seems to be including provision for the plug points for fans only. Presumably, it does not include the cost for the table fans also. Accordig to the proposal of the D.S. in para. 3 of his note within, table fans are proposed to be provided - one for each suite. The cost of a table fan including plug socket point is Rs. 120/- - vide, para. 7 of the El.Engr's. note on p.. 39 ante. The El. Engr.may be requested u.o. to amend the cost of the electrification of these bungalows proposed to be provided with fans accordingly, and report the amended figure to Govt. very urgently.

4. The estimated cost in the case of the Inspection Bungalow at Baramati reported by El.Engr. to Govt. does not include the cost of the supply Co.'s. service connection charges. El. Engr. to Govt. may be requested to furnish the same very. urgently.

U.O. to El. Engr. to Govt.dt.14.10.46.

Below U.O.R. No. 7134/36/36106 dated the 14th October 1946 from Government in the Public Works Department.

No. D 18/2982 of 1946.
Bombay 1st November 1946.

Returned with compliments.

2. The estimated cost of providing electric installation consisting of lights, plug sockets, table lamps and table fans in the bungalows mentioned in para. 5 of the note of the Deputy Secretary, P.W.D. on pages 41 and 42 ante, proposed to be electrified next year is given below:-

| Name of the bungalow | Estimated cost. Rs. |
|---|---|
| 1. Traveller's bungalow, Kolhapur. | 908/- |
| 2. Rest House, Kolhapur. | 1,058/- |
| 3. Inspection bungalow, Baramati. | 708/- |
| 4. Inspection bungalow,, Matheran. | 1,044/- |
| 5. District Bungalow, Bulsar. | 1,137/- |
| 6. District Bungalow, Dohad. | 1,648/- |
| 7. Traveller's bungalow, Satara. | 1,351/- |
| 8. Inspection bungalow, ABijapur. | 704/- |
| 9. Traveller's bugalow, Ahmednagar. | 1,968/- |
| 10. Inspection bungalow, Ahmednagar. | 2,308/- |
| 11. Traveller's bungalow, Jalgaon. | 833/- |
| 12. District bungalow, Chalisgaon | 635/- |
| 13. Traveller's bungalow, Thana. | 862/- |
| | Rs. 15,164/- |

The estimated cost shown against the Inspection bungalow, Baramati is exclusive of the cost of the Supply Co's service quotation which is still awaited and will be communicated on receipt.

3. In this connection, it may be stated that since table fans are not readily available at present,

it is .....

it is suggested that ceiling fans may be provided in the living and dining rooms and only one table fan provided in each suite of the six bungalows proposed to be provided with fans (item Nos. 8 to 13 as shown above). If this suggestion is approved, amended cost of the proposed elec. installation in the six bungalows will be communicated to Government in due course.

4. In the meanwhile it is suggested that a lump sum provision of Rs. 16,000/- may be made for Section II New Item for the next year's budget for the electrification of the above bungalows.

50-Civil Works - Provincial.

Grant for providing electric installations in the Inspection, District and Traveller's Bungalows and Rest Houses.

| | | | |
|---|---|---|---|
| Recurrent | Rs. Nil. | Non-r-ecurrent. | Rs. 16,000 |
| Total | Rs. 16,000 | Ultimate annual recurrent. | Rs. Nil. |

Remarks.- There are at present many Inspection, District and Travellers' Bungalows and Rest Houses in the Province which have no electric installation though situated in towns having supply of electricity. Most of such bungalows particularly those at District Headquarters are almost continuously occupied by touring officers and by the public. It is therefore suggested that electric installations (including fans) may be carried out in such bungalows which would greatly increase the convenience of the touring officers. Electrification of these bungalows is considered a necessity and 13 of such bungalows are proposed to be provided with electricity next year.

2. A statement, showing therein the estimated cost of providing elec. installation in the District, Inspection and Traveller's bungalows and Rest Houses proposed to be electrified during the next financial year 1948-49, is enclosed. The service cost in respect of bungalows at serial Nos. 2,3,4,8,14, 15 and 25 is awaited from the respective supply companies and will be communicated to Government on receipt.

3. As no elec. supply is available at Kapadwanj, it is suggested that the proposal of the electrification of the District Bungalow may be dropped for the present.

Submitted with refce. to the O.N. dated the 8-10-47.

2. The El. Engr. to Govt. has submitted a list showing the cost of providing electric installation in 17 out of the 25 Dist., Inspection and Traveller's bungalows and Rest Houses proposed for electrification during the next financial yaar (1948-49). No cost is given in respect of items Nos. 2, 3, 4, 8, 14, 15 and 25 of the list as the information regarding cost of service charges for supply companies concerned is still awaited. Dist. Bungalow at Panvel (item No.11) may be removed from the list with refce. to the Secy's note at p. 101 ante. Item No. 16 may also be dropped for the present as the El. Engr. has stated that no electric is available there. The total cost of providing electric installation in the remaining 17 Bungalows and Rest Houses (i.e. items No. 1, 5, 6, 9, 10, 12, 13 & 17 to 24 & 26) works out to / Rs. 57,799. A lump sum provision of Rs. 60,000 may, if approved, be made in the next years budget for electrification in the 24 bungalows shown in the list at p. 103, in u.o. consultation with the F.D.

Thro' A.B.(I).

Immediate

U.O. to F.D. dated 10-11-47.

Finance Department.'E' Br.

Please see. G.L., P.W.D. No. 7134/36-El(I), dated 20/2/1947 in which sanction was accorded to the electrification of 13 travellers' bungalows, district and inspection bungalows, etc. ( a copy of the letter does not seem to have been addressed to F.D.) in the year 1947-48 out of 50 bungalows selected for electrification. It is now proposed to take in hand during 1948-49 the work of electrification of 24 outher bungalows. The total estimated cost is about Rs. 57,799/- for 16 bungalows ( & not 17 as stated by the P.W.D.) and the P.W.D. has proposed a lump provision of Rs. 60,000/- in the next year's budget. The detailes of the cost of 16 bungalows and the bungalows which are to be provided with electrical installations are as those shown at statement at p. 10 excepting items 11 and 16. As the principle of providing electrical installations has already been accepted, the P.W.D. proposals may be agreed to.

Section II.

50-Civil Works - Provincial.

Providing electric installations in the Inspection, District and Travellers' Bungalows and Rest Houses.

---

Recurrent Rs. Nil. Non-recurrent Rs. 60,000.

Total Rs.60,000 · Ultimate annual recurrent Rs. Nil.

REMARKS:- There are at present many Inspection, District and Travellers' Bungalows and Rest Houses in the Province which have no electric installation though situated in towns having supply of electricity. Most of such bungalows particularly those at District Headquarters are almost continuously occupied by touring officers and by the public. It is therefore suggested that electric installations (including fans) may be provided in such bungalows which would greatly increase the convenience of the touring officers. Electrification of these bungalows is considered a necessity and 24 of such bungalows are proposed to be provided with electricity next year.

The provision will be made under the minor heads General Administration (Rs. 10,000/-) and "Comminications" (Rs. 50,000/-) as it is intended for electrification of District bungalows and Inspection and Travellers' Bungalows and Rest Houses.

URGENT.

I want to know about the equipment of our Dak Bungalows. What is their classification and what is the equip-ment of bungalows in each class? The first requisites are the arrangements for bathing, lighting and cooking. I want to know what is the present arrange-ment for these three. For cooking we must have now facilities for preparing food in Indian style. Where there are Khansamas, they should be taught to cook food in the Indian style. There should be utensils for cooking and various other articles req-uired for serving Indian style meals. They should be kept clean. As our work goes on increasing, we will be travelling oftener and it is necessary that there should be adequate facilities for making travelling as easy as possible.

Id. B.G. Kher.

.....

Government had undertaken in 1946-47 a scheme of electrifying the bungalows in tow-ns having electric supply in two to three years and in accordance with this scheme electrification of 13 bungalows was sanctioned last year. The provision proposed for the electrification of 24 more bungalows in the current year's budget estimates was howeve-r omitted from the estimates as it was not admitted at the budget meeting of the Cabinet.

M.D'S.
10.9.56.

7134/36/49760.

P.W.D.

El.Br.

O.M.

With a view to add to the convenience of the touring officers and travelling public, Govt. has decided in 1946 to provide lighting amenities in the Inspection, Dist. & Travellers Bungalows where elecltric supply is available and on the recommendations of the local officers selected 59 bungalows and rest houses for electrification within 2 or 3 years. Accordingly electric installation of 13 bungalows (vide list at pp. 41-42 ante) was sanctioned in 1947 vide G.L. No. 7134/36-El.(I), dated the 20-2 -47. It was proposed to provide 24 bungalows more (vide list at p. 103 ante) with elec. installation in 1948-49 but provision for the work was not admitted.

2. The necessity of providing electric installation in the Inspection, Dist. & Travellers bungalows and Rest Houses for the convenience of the touring officers has been already accepted by Govt. It may be stated in this connection that the H.P. has, in his minute dated 20.4.48 on other sets of pps., stressed the necessity of making requisite arrangements for bathing, lighting and cooking in the Dak Bungalow and has remarked as under:-

> "As our work goes on increasing, we will be travelling oftener and it is necessary that there should be adequate facilities for making travelling as easy as possible."

3. ~~It~~ It is therefore proposed that a lump sum provision of Rs. 60,000/- may, if approved, be repeated in the next year's Budget for the electrification of 24 bungalows and rest houses shown in the list at p. 103 ante, as a new item of expdre. in consultation with the F.D.

Id/-
28-10-48.

Resubmitted.

2. A lump sum provision of Rs. 60,000/- had been proposed as new item of expenditure in the Budget Estimate for the current year, for the electrification of 24 Dist. & Travellers' bungalows shown in the list at p. 103 ante., but an amount of only Rs. 30,000/- has been sanctioned *vide* item 95 on p. 554 of the Bud. Estt. for 1949-50. The electrification of some of the bungalows will have to be postponed to the next year. It is for orders therefore as to which of the bungalows mentioned at p. 103 ante may be taken up for electrification this year so as to keep the expenditure in this respect within the sanctioned provision. After the orders are given the officers concerned will be informed of the names of bungalows selected for electrification in the current year and the El. Engr. will be asked to submit the plans and estts. for providing elec. installation in those bungalows.
